

## Pay Invoices and/or Pay Liability Invoices Due

Document #: 3029 Product: CenterPoint® Payroll

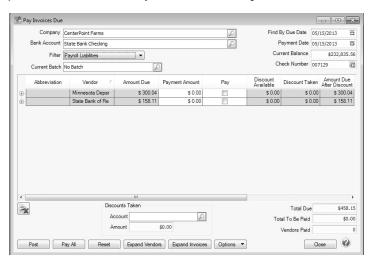

When a payroll is processed that deducts monies (taxes, child support deductions, etc.) which will in turn be paid to another party, the system will automatically create liability invoices for those amounts. This topic explains how to select and pay multiple payroll liabilities. Invoices can be selected for payment based on their due date or invoice date.

**Note:** if you prefer to print or review a report of invoices selected for payment prior to paying the invoices, please refer to the topic.
